SUBJECT: Control Data Disk Drives for Assembly in Romania
(S)

In the matter of the Control Data Corporation proposal to assemble 200 megabyte disk drives in Romania, the President has approved the safeguards plan as prepared by the Department of Commerce with the following amendment:

"In addition to the ten other enumerated safeguard provisions, responsible Western representatives of Control Data will be assigned to be at the facility to ensure constant control and monitoring of the assembled and unassembled 9780 disk drive units. They will submit written reports every month to OEA concerning the fulfillment of all of the safeguard provisions."
